Skills

- **Languages:** C, C++, Java, JavaScript, Python, HTML, CSS
- **Web Development:** ReactJS, NodeJS, Tailwind CSS, SASS, MongoDB, ExpressJS
- **Data Visualization:** PowerBI, Streamlit, Folium
- **Android Development:** Android Studio, AOSP
- **Other:** SQL, Git, AWS fundamentals

Work Experience

- **Software Engineering Intern at Visteon Corporation, Kolkata** January 2026 – Present
 - Working with Android Open Source Project Team
 - Exposure to Android and C/C++ Industrial level trainingTech Stack – C, C++, Java, Kotlin
- **Frontend Developer intern at Jadavpur University for SSR-SERB funded project** June 2025 – July 2025
“Early Alzheimer’s Disease Detection using Machine Learning Model”
 - Designed and developed a website which determines whether a patient is suffering from Alzheimer’s disease.Tech Stack – Figma, TailwindCSS, ReactJS, Flask, Python libraries
- **Tech Associate Intern at Abhinava Innovations** March 2025 – April 2025
 - Designed and created dynamic components in WordPress for TechGenyz.com
 - Implemented best practices for SEO and accessibilityTech Stack - WordPress, SEO

Projects

- **XAI-Based Brain Tumor Detection using MRI images**
 - Implemented ResUNet for MRI tumor segmentation, achieving a Dice score of 0.85
 - Built a ResNet-18 classifier achieving a F1-score of 0.986Tech Stack – Python, PyTorch, OpenCV
- **Android Mini Projects**
 - Android System Monitoring App
 - Multi-threaded Task Manager App
- **Data Visualization Dashboard**
 - Created a web-based dashboard displaying **statistics and visual representation** of EV Population Distribution in WashingtonTech Stack - Python, Folium, Streamlit
- **GreenSpark – Spreading sustainable energy awareness**
 - Presented our website aimed at spreading awareness regarding sustainable energy usage at **HackHeritage 2023**Tech Stack – ReactJS, MongoDB, ExpressJS, NodeJS

Research Work

- **Sustainable UAV-Assisted Data Collection in Wireless Sensor Networks Using Renewable Energy and Wireless Charging Platforms** (Presented at the 12th International Conference on Signal Processing and Integrated Networks 2025) **Authors:** Jhalak Dutta, Smita Das, Abhijit Sinha, Sneha Lahiri, Anwesha Goswami, Uddipto Jana
Proposed an energy-efficient UAV system for wireless sensor networks integrating solar power and wireless charging to optimize data collection operations and extend flight endurance

Summer School

- **ACM Summer School at PSG College Of Technology** *Coimbatore, India* **July 2024**
Attended 2-week summer school on “Algorithmic Approaches to NP-Completeness” by Mr. Saket Saurabh, our mentor

Education

- **Heritage Institute of Technology Kolkata** *Kolkata, India* **October 2022 – Present**
B.Tech in Computer Science and Engineering
CGPA – 9.62
- **South Point High School** *Kolkata, India* **April 2019 – April 2022**
AISSCE – 96.4 %
AISSE – 97.2 %

Achievements

- **Codex 2025** hosted by Techno Vivarta – Winner
- **Smart Coder 2024** hosted by Coding Ninjas – Winner
- **HackHeritage 2023** hosted by HITK – Among Top 10 teams

Extracurricular

- Runner-up at District level Table Tennis tournament (Women's Category)
- Winner at 4 inter-college level Table Tennis tournaments
- Board Member at ACM HITK Student Chapter
